The **State Council of Higher Education for Virginia (SCHEV)**, through the **Virginia Talent + Opportunity Partnership (V-TOP)**, has partnered with **Parker Dewey** to offer short-term (15-hour), paid professional projects that connect Virginia-based businesses, government agencies, nonprofits and entrepreneurs with undergraduate students from colleges and universities across the Commonwealth. These Micro-Internships provide a flexible way for organizations to engage emerging talent, support skill development and explore new talent pipelines through meaningful professional experiences.

Join the webinar to learn:

- How Micro-Internships work
- Project examples
- How these paid projects create equitable access to professional experience for students across Virginia

This webinar is designed specifically for Virginia-based businesses, government agencies, nonprofits and entrepreneurs.
